MATRIMONIAL.

The wedding of Mr. John Davis and Miss Florence Lockhart was solemnized at the Christian church Wednesday evening at 7:30 o'clock, the ceremony being performed by the bride's uncle, Rev. Gilby Kelley, of Virginia, the impressive Episcopal ceremony being used.

The church, which is one of the handsomest in the State was more attractive for the occasion with decorations of stately palms and ferns with tall cathedral candles. In each aisle were baskets of pink roses tied with bows of pink ribbons.

Miss Frances Johnson rendered a program of lovely wedding music. At the appointed hour the first chords of the bridal chorus heralded the approach of the wedding party. From the right aisle came the ushers, Mr. Catesby Spears and Mr. Amos Turner, followed by Mr. Buckner Woodford and Mr. Brutus Clay.

Simultaneously from the opposite aisle came the bride's maids, Miss Edith Walters and Miss Mary Clay, followed by Miss Edna Earle Hinton and Miss Katherine Davis.

The bride on the arm of her guardian, Mr. James McClure, entered from the middle aisle and following was the maid of honor, the bride's sister, Miss Sallie Lockhart, alone. The bridal party was met at the altar by the groom and his best man, Mr. Withers Davis.

The bride wore a lovely wedding gown of crystal satin trimmed in pearls and point lace. Her bouquet was white orchids with border of white sweet peas. The bridal veil was caught with a crown of orange blossoms.

The bridesmaids' gowns were pale green marquisette over soft satin of the same shade. They carried bouquets of American beauty roses and lavender sweet peas. The maid of honor Miss Sallie Lockhart, wore pink marquisette over pink and carried a bouquet of pink sweet peas.

After the ceremony the wedding party was entertained by Mrs. W. W. Massie at her home on Vine street. Mr. and Mrs. Davis left on the 10:45 L. & N. train for an extended wedding journey after which they will go to housekeeping in their home on Cypress street.

Mr. James Cox, of this city and Miss Leah Frederick of Maysville, will be united in marriage in the latter city at the home of the bride's mother, Mrs. Jos. Frederick, Sunday afternoon at 3 o'clock.

DEATHS.

Tom L. Johnson, formerly of Louisville, twice Congressman from the Twenty-first Ohio district and four times Mayor of Cleveland, died in that city Monday night. Death was caused by cirrhosis of the liver. He was 57 years old.

Lillian May Estes, aged 10 years, daughter of Mr. and Mrs. James Estes, of Shawhan, this county, died yesterday morning at the home of her parents after an illness of two weeks with broncho pneumonia.

The funeral services will be held this morning at 10 o'clock at the Mt. Carmel Church, conducted by the Rev. J. R. Jones. Burial in the Jacksonville cemetery. The pall-bearers will be: George Tate, H. T. Estes, John Tate, J. W. Stavers, G. W. Estes, John Sharon.

Mrs. Maragret Monin, aged seventy-nine years, died at her home in Nolichucky county, Ky., Monday evening at 7 o'clock, from the infirmities of old age. About three years ago she fell and broke her hip, and since that time she has grown steadily weaker until death relieved her suffering. She was the mother of Mrs. J. S. Sweeney, of this city, who was at her bedside when she died. She is survived by five children, Mrs. Sweeney, Miss May Monin, who was a teacher at Bourbon College when Mrs. Berry conducted the school, Miss Mattie Monin and Messrs. Steven and Joseph Monin, all of whom live in Hardin county with the exception of Mrs. Sweeney.

Mrs. Sarah Lightfoot, aged 69 years, died at her home in Pleasant Hill, Mo., from the effects of an operation. The remains were interred at Lone Jack, Mo. Mrs. Lightfoot, before marriage, was Mrs. Sarah Ann Shawhan, and was born at Shawhan, this county in July 1842. She was one of the family of thirteen children of Mr. and Mrs. Daniel Shawhan, and the last but one of the family, the only survivor being George Shawhan, of Lone Jack, Mo., for many years a wealthy distiller of that place. Mrs. Lightfoot will be remembered by many of the older citizens of this city and county. She was a member of the Christian church, at the age of twelve confessing faith under the late John R. Rogers at the Mt. Carmel Christian church.

Annual Confederate Reunion.

Extensive preparations are being made for the Confederate Veterans' Reunion to be held at Little Rock, Ark., May 16-18.

A letter to the News from Mr. Durand Whipple, who is well-known here, having married Miss Lizzette Dickson, daughter of Hon. and Mrs. E. M. Dickson, is prominent among those in charge of the entertainment of the many visitors who are expected in Little Rock, and is Chairman of the Lodging and Eating Committee, other than those in the hotels, and he will take pleasure in personally seeing that comfortable quarters are engaged for anyone contemplating attending the reunion, if they will write direct to Mr. Whipple, Whipple Building, Little Rock, Ark.

Cynthiana Woman Killed.

Mrs. Nat Smith, aged 57 years, died instantly Monday morning as the result of being thrown from a buggy in which she and her daughter, Miss May Smith, were driving. The buggy collapsed and both were thrown to the ground. It is believed Mrs. Smith's death resulted from heart failure, due to the shock of the accident. When the accident occurred she was taking her daughter to the school she taught near Berry. They were in three miles of Berry when the buggy collapsed.

A Good Law.

A bill was offered in the Tennessee Legislature Monday making it a misdemeanor for a man to visit a female seminary without permission.

Fifteen-Cent Levy for Fayette Schools.

Judge Charles Kerr, in the Fayette Circuit Court, decided that the Fayette County Fiscal Court must this year levy 15 cents on the \$1 for the public school. The assessment is to be on taxable property in the county outside of the city. The Fiscal Court, in fixing the county levy recently, gave only 6 cents to the schools, although the County Board of Education had asked 15. The board at once filed the suit which was decided by Judge Kerr. It is understood that the Fiscal Court will not take an appeal, but will levy the 15 cents assessment.

Jumped to Death for Girl He Loved.

The body of the young man who jumped from a Louisville, Henderson St. Louis passenger train, known as the "Cannon Ball," shortly after 4 o'clock Monday morning at Maceo, Ky., has been identified as that of Ezra Martin, of Fredericktown, Mo.

Martin was enroute to Maceo to be married to Miss Eva Foster. All arrangements for the wedding had been completed. He boarded the train at St. Louis, but it is not thought he learned that the train did not stop at Maceo until the station had almost been reached. So anxious was Martin to join the young woman to whom he was soon to be married that he hurried to the steps of the train, which was running at a rate of forty-five miles an hour. He had his suitcase containing his wedding clothes, in his hand. As the houses at the station came into view in the early dawn Martin jumped from the train.

It was two or three hours before his bruised and mangled body was found by men walking along the track. His body was picked up and removed to the railroad station. The Coroner was summoned and inquest was held, with a verdict to the effect that he came to his death by jumping from the train.

Uncle Sam Will Assist.

The fight against sheep scabies in this State is to be turned over to the national Government, which will put a force of inspectors in Kentucky to assist the county livestock inspectors, and it is believed that the disease in the sheep can be stamped out by next winter with the determined methods which will be adopted. Five or six inspectors under the direction of the Bureau of Animal Industry of the government will be sent to Kentucky at once to take up the fight and later some ten more inspectors, who are now at work in other States, will be put into Kentucky.

This plan of action was decided upon at a meeting of the State Livestock Sanitary Board when a representative of the United States Government was present. It was stated at the meeting that Marion, Washington and Nelson counties are the worst infected of any of the counties which have been visited. In these counties, it is stated, but little has been done toward stamping out the scabies, but the Fiscal Court of each county has promised to do what could be done to fight the pest.

Scabies in sheep has cost the sheep breeders of Kentucky a great deal of money, and it is regarded as important to have the disease eliminated as quickly as possible. Through the newspapers the farmers have been warned and aroused to the dangers that exist, and they have begun to do all they can to aid the war against scabies.

Meet After 43 Years.

A news dispatch from Maysville says: "Richard Vaughn, at one time a citizen of this state, now of Alabama, when a boy left his home and one brother, Charles, and went to the South to make his way in that part of the tattered and torn country. After years had gone by and he had made good, he began to wonder if his brother was alive. In some way he learned that his brother was a mate on the Ohio River and came here to try to find him. On last Friday night, while at the wharf, the steamer Greenland came in, and he saw his brother, Charles, for the first time in forty-three years. It was a joyful meeting for both of them."

Powers Accepted With Bad Grace.

Members of the Immigration Committee, to which Representative Caleb Powers, of the Eleventh Kentucky District, will be assigned, accepted his designation with bad grace.

Representative Burnett, of Alabama, the chairman, said Monday that he did not want Powers, but as he was not consulted about the matter by Minority Leader Mann, he supposed there was no way out of the embarrassment. "Being a member of Congress, I suppose he had to be assigned to some committee," said Mr. Burnett. "But"—and the chairman gave a grimace.

Other Democratic members of the committee did not indicate much enthusiasm over Powers' enforced comradeship. "Well," said Representative Bell, of Georgia, "there is one good thing, we are in a majority and will, of course, be strong enough to throw him out of the window if he becomes obstreperous."

Republicans to Get Can.

Republican employees of the House who have deserted their posts and are at home drawing their salaries are to be dismissed from the service.

The Clerk of the House, South Trimble, of Kentucky, has learned that scores of the Republican employees knowing that they would have to terminate their official services within a month or two, have declined to come to Washington. Their salaries go on until their successors are appointed and as the House Committee on Organization has not completed its program of reorganization all the Republican officials are supposed to be at their posts of duty.

Mr. Trimble is wrathful over the wholesale desertions. The House is seriously inconvenienced by absent employees, and the clerk expects to make some removals in short order. Practically the same condition exists under the other House officials.

Firemen on Liners.

There are 150 firemen on some of the large Atlantic steamers.

Old Cartridge.

The Harrodsburg Herald says: "Thursday morning the Herald office was presented with an old cartridge that is said to have been picked up on the street of Harrodsburg a few moments after Sam Berry, Sue Monday, Henry Magruder and other guerrillas, made their famous raid on the bank here on October 8, 1865. The Herald has presented the interesting relic to the Gibbs collection, which that gentleman recently gave to the Historical Society."

The Tenderfoot Farmer

It was one of these experimental farmers, who put green spectacles on his cow and fed her shavings. His theory was that it didn't matter what the cow ate so long as she was fed. The questions of digestion and nourishment had not entered into his calculations.

It's only a "tenderfoot" farmer that would try such an experiment with a cow. But many a farmer feeds himself regardless of digestion and nutrition. He might almost as well eat shavings for all the good he gets out of his food. The result is that the stomach grows "weak" the action of the organs of digestion and nutrition are impaired and the man suffers the miseries of dyspepsia and the agonies of nervousness.

To strengthen the stomach, restore the activity of the organs of digestion and nutrition and brace up the nerves, use Dr. Pierce's Golden Medical Discovery. It is an unfailing remedy, and has the confidence of physicians as well as the praise of thousands healed by its use.

In the strictest sense "Golden Medical Discovery" is a temperance medicine. It contains neither intoxicants nor narcotics, and is as free from alcohol as from opium, cocaine and other dangerous drugs. All ingredients printed on its outside wrapper.

Don't let a dealer delude you for his own profit. There is no medicine for stomach, liver and blood "just as good" as "Golden Medical Discovery."

BLACK HAWK CORN PLANTER No. 15 VARIABLE DROP!

Light Draft, Simple Construction.

Our special new feature in this planter is that we not only get an accurate number of kernels in each hill, but we get the number of kernels in each hill which the fertility of the soil is able to bring to perfect maturity.

No field was ever known to contain exact uniformity in strength of soil. It is just as unreasonable to expect the same results from thin, weak soil, in comparison with deep, rich soil, as it is to expect a child to do a man's work. This is a reasonable proposition, particularly to the scientific corn grower.

More money is being spent and greater efforts along educational lines are being made to-day than ever before in the world's history to increase the yield of corn per acre. We contributed a very large effort to accomplish these results with our Black Hawk single kernel edge drop, and we now add to our combination the No. 15 Variable Drop, with which the drop can be changed to 2, 3 or 4 kernels in a hill without stopping the team; or can drill 7 1-2, 10 or 15 inches, 9, 12 or 17 1-2 inches, or 11, 14 or 22 inches apart, without stopping the team.

Hand Drop Attachment with each Planter, has Foot Drop also. Will plant last two rows and wind wire at same time. Come and let us show you the best planter made.

A Learned Russian Baby.
William Lyon Phelps tells this story about Robert Louis Stevenson as illustrating the cosmopolitanism of Russian character, which Professor Phelps says is unaccountable in a measure for the international effect and influence of Russian novels. Stevenson, writing from Mentone to his mother, Jan. 7, 1874, said: "We have two little Russian girls, with the youngest of whom, a little polyglot button of a three-year-old, I had the most laughable little scene at lunch today. She said something in Italian which made everybody laugh very much. After some examination she announced emphatically to the whole table in German that I was a madchen. This hasty conclusion as to my sex she was led afterward to revise, but her new opinion was announced in a language quite unknown to me and probably Russian. To complete the scroll of her accomplishments she said goodbye to me in very commendable English." Three days later Stevenson added: "The little Russian kid is only two and a half. She speaks six languages."

"A Right and Lawful Road."
An example of the old rough and ready methods of arriving at a measurement is the Elizabethan way of getting the "feet." Faientin Leigh, who wrote on surveying, records that after service on Sunday sixteen men were stopped at the church door, just as they happened to come out, and drawn up in line, left foot to left foot. The length thus obtained was taken as "a right and lawful road to measure and survey the land with," and a sixteenth part of it as "a right and lawful foot." Although big and little men were thus roughly averaged against each other, the results naturally varied to some extent. Hence it is, as Shaw Sparrow notes in treating of this "road" as the architectural "bay" which gives us the "bay window," that a bay is sometimes found to be rather less than sixteen feet of twelve inches.—London Chronicle.

The Shepherd and His Flock.
A certain good bishop was in Italy for his health, and while walking in the country one day he met a small girl who was tending some pigs. The animals were giving her a great deal of trouble, and the good bishop offered to stay and watch the ones that were grunting and rooting in a ditch while the little shepherdess went to catch two runaways that had strayed from the fold. When she came back the reverend gentleman stroked the unkempt curly head of the child and asked her how much she earned by her hard work and was told that she received 4 soldi a day.

"Do you know," said he, "that I, too, am a shepherd? But I earn much more than you."

"Ah yes," answered the little peasant, "but no doubt you tend many more pigs than I do."

Impaling the Wild Boar.
In Germany the boar hunt occurs annually. Trained hounds are held in leash until the lair of the boar is sniffed, and then they are let go. Off rush the bristling beasts. They run fast, and the faster they skip along the wilder and "madder" they get. Sometimes they are shot, but the correct style of killing is to use a long spear or a short swordlike knife. The hunter spies his boarship speeding along in an almost straight line, blinded with rage and ferocity. Bending over sideways to the earth, the sportsman thrusts his spear dull end downward in the soil and the sharp point slanting upward and turned directly to the boar's path. Straight on the wild hog rushes, and with all the impetus of his long flight he plunges upon the spear point and there, impaled, dies a bloody death.

Peculiarity of Sea Otter Fur.
"This collar," said a furrier, "is sea otter skin, the costliest fur known. Silver fox, beside sea otter, is cheap. Where you would pay \$1,000 for a silver fox skin you'd pay \$2,000 for a sea otter. It is only the Russians, the world's greatest fur lovers, who go in for this most precious of all furs. They use it exclusively for coat collars. Why? For a strange reason, an almost incredible reason. Sea otter is the only fur on which the breath won't freeze."—Cincinnati Enquirer.

MacPherson's Testimony.
The MacPherson—Man, Juddins is right—there's a deal of sufferin' attendant on yon whusky drinkin', for, MacTaggart, ye'll mind me, whiles a mon's drinkin' his ain whusky there's the terrible expense tae think of, an' whiles he's drinkin' a friend's whusky he drinks sae much that he suffers terrible the mornin'.—London M. A. P.

The Sequence.
It was a Kingston (Ont.) woman who recently sized up one feature of the servant girl question in a new way. She said, "I got a girl to relieve me of physical fatigue, and soon I got rid of her to relieve me of mental fatigue."

Cited His Own Case.
Singleton—Even a married man has a right to his own opinion. Henpeckke—My dear fellow, it isn't a question of right. It's a question of courage.—Philadelphia Record.

Little Words.
Out of the 267 words in Abraham Lincoln's immortal Gettysburg speech 196 are words of only one syllable. It isn't the big words that count.—New York Herald.

The Recoil.
Sophomore—Wonder what makes the telegraph lines hum? Senior—I've wired dad for dough, and I guess he's talking back.—Chicago Journal.

SPORTING NEWS LETTER

By C. H. ZUBER.

Cincinnati, April 13.—Once more the base ball season is under way, and for the next six months the principal to be heard on the streets, in the mart of trade, and even in the synagogues will not be "How's your mother?" or "Is business good?" but "What's the score?" The condition of the United States Treasury, the possibility of meeting the grocer's bill or the speculation as to whether it will be a girl, a boy or twins, all sink into nothingness compared to the importance of knowing whether "we" were victorious or vanquished.

Each year adds to the excitement of the opening games, and each year increases the number of followers of the game. This is true of the large cities, the villages and the hamlets; and even in the strictly rural districts, where houses are far apart, the love for base ball is on the increase, making a new set of prospective big league performers, and bringing into the game a class of players that heretofore have existed only as rarities.

No wonder that base ball is called the "National game." It is played by nearly every person physically able to play—and when they are not playing they're viewing. And it is promised that this season will see more playing and more viewing than ever before in the history of the game.

Locally we have been much encouraged over the games put up by the Reds just previous to the opening of the season. (This was particularly true of the Sunday game with the Detroit Tigers. Jennings trotted out his strongest team for this occasion, while Griffith had to content himself with a substitute at second base in the person of Tom Downey. But the box artists whom Griffith offered were there with the goods, McQuillen and Gaspar delivering a brand of pitcher merchandise that could hardly be beaten.

The Tigers, despite the splendid batting practice they had had for the past four weeks, were practically helpless before these two twirlers, making but one hit off McQuillen in five rounds, and two off Gaspar in the four final sessions. Not a run was garnered off the Red twirlers. As the locals managed to put one tally over in the ninth, the victory went our way. This performance demonstrated that both McQuillen and Gaspar are ready for strenuous work, and that they may be relied upon to bring home the persimmons with some degree of frequency.

Will Mandamus Court.

By the unanimous vote of the County Board of Education in session yesterday afternoon it was decided to reject the levy of 7½ cents on each \$100 worth of taxable property for school purposes made by the Fiscal Court and a committee composed of County Superintendent Miss Robbins and D. C. Lisle, was named to obtain an allowance of 12½ cents upon each \$100, to furnish a sufficient fund to enable the board to hold a nine months school.

The County Board had prepared an estimate on the cost of maintaining the county schools, which amounted to \$16,000. To raise this amount the Board asked the Fiscal Court at the regular meeting on April 6 to levy a tax to the amount of 12½ cents to meet the expenses of conducting a nine months school. This the court refused to do and mandamus proceedings will be instituted at once to compel the court to increase the allowance.

"Germany" Kaiser is Now a Cub.

"Germany" Kaiser is now a Cub. By a deal consummated last week the hard-hitting outfielder was taken over by the Chicago management from the Louisville club.

At the close of last season Kaiser was drafted by Chicago and later released to Louisville. When he reported for spring training in the Falls City he took the bit in his teeth and as a recruit showed marked ability in hitting and in the field.

In only a short time it was very evident Manager Howard had him singled out as a regular man in the outfield. In a game in Louisville a few weeks ago his performance made Owner Murphy sit up and take notice. The game in Chicago last Sunday afforded Chance and Murphy the opportunity to see him again and they developed a craze to get him back. For "Germany" the Colonels are said to have received a cash consideration and a catcher.

A sporting writer of Chicago says of the former Blue Grass Leaguer:

"While he is not an accurate fielder, he is a fence-buster with the bat and a marvelous base-runner."

We have just received a full line of the "Corylopsis" toilet articles. Come and get samples.

Bourbon Dogs at Lexington.

The annual dog show, given by the Lexington Kennel Club, is being held this week and a number of Bourbon county dogs won, among them being Clay Gaitskill's fox hounds, High Ball and High Order, second in their class and winners of a special cup for best pair fox hounds. Ed Slattery had two splendid fox hound bitches but only took third prize. Chas. E. Butler won first in Collie puppy in class with Lady Catherine and second with Seely Rutherford, also first with Lady Catherine in novice class defeating some aged bitches and in this class Seely Rutherford won third.

Geo. R. Bell won with his fine Irish setter, Ward, taking first in novice class and third in limit class. Mr. Bell also won the Bourbon County Cup, defeating all the dogs entered from Bourbon, including High Ball, High Order and John Malloney's fine bull bitch which won second in her class. The competition narrowed to Bell's Ward and Butler's collie, Lady Catherine.

Lady Black, a high-class English bull, owned by Miss Frances Champ, was not entered in the show, but was on exhibition with the Eberhardt Kennel.

Storm Losses Being Settled.

The heavy windstorm that swept this and adjoining counties last week, causing so much loss among the farmers, caught the Hurst Home Insurance Company, which is a Bourbon county institution for about \$5,000 in losses. The losses are being adjusted and paid as rapidly as Mr. Hurst can get to them and they will soon be settled. The Hurst Home Insurance Company is one of the strongest business institutions in the state and by far the largest farmers' company, having now over \$4,000,000 business on their books, and is deserving the confidence and high regard that is evidenced by the farmers who patronize it.

Bryan is coming.

McKernan Squad Arrives.

McKernan and more than a dozen of the Bourbonite Colts came in Tuesday and took up their headquarters at the Fordham Hotel. Inclement weather has prevented them from engaging in daily practice. Wednesday afternoon, however, afforded the opportunity for the men to engage in a light work-out. Ten pitchers are now on the ground for a trial. They are as follows: Brown, Schrauder, Timmie, L. Woods, Woods, J. Barnett, Hewett, Hauser, Holleran, Rupley.

Only three of the pennant winning aggregation of last year have put in their appearance. Barnett came in about two weeks ago and McKernan arrived Tuesday and Maxwell drifted in Wednesday morning. Simon and Ettinger are two new catchers here for a trial and Meyer, who McKernan thinks will show a great deal of class behind the bat is expected most any day.

Rapp, Harbaugh, Lauder and Goodwin were among those who arrived the first of the week, while Holleran, who hails from Newtown, came in yesterday.

Fair Directors Hold Meeting.

A meeting of the Directors of the Bourbon County Agricultural Society was held recently and steps taken toward holding the meeting of the Society in this city in September. The meeting was presided over by President Jos. M. Hall with the following directors present: R. B. Hatcher, Geo. Rassenfoss, R. P. Hopkins, N. F. Brent, C. M. Thomas, R. B. Metzer, J. D. McClintock, F. P. Lowry, A. S. Thompson, V. W. Ferguson, C. Arnsperger.

By the unanimous vote of the Society's directors, Jos. M. Hall was elected president for the ensuing year. R. J. Neely, first vice president; W. G. Talbott, second vice president; C. A. Weber, secretary and C. Arnsperger, treasurer.

It was decided to again adopt the single judge system, which proved so satisfactory last year and the secretary was instructed to communicate with competent men to secure their services as judges.

The question of changing the circular ring to that of an oblong ring was raised and discussed but it was decided not to make any change this year.

The catalogue committee was instructed to raise the premium list and make a report at the next meeting which will be held on April 19. It was definitely decided to hold a night entertainment on the grounds during the week of the fair.

See Page Eight.

Read J. T. Hinton's display advertisement. You will find much of interest in it.

Saloon License Remains \$1,000.

By the unanimous vote of the Board of Council in regular session last night, the saloon licenses for the ensuing year were fixed at \$1,000. Beginning the first of May and payable in two installments of \$500 the first of May and \$500 the first of August. A full board was present and besides taking under consideration the license for the ensuing year the regular routine business was transacted.

Club Officers Elected.

At a recent meeting of the Progressive Culture Club held in the Elks Building, officers of the Club for the ensuing year were elected as follows: President, Mrs. Amos Turney; Vice President, Mrs. J. W. Davis; Second Vice President, Mrs. Albert Hinton; Secretary, Miss Ollie Butler; Corresponding Secretary, Mrs. J. P. Hutchcraft; Treasurer, Mrs. C. Arnsperger.

A Reliable Insurance.

Among the many losers of property by the storm of last week, the following parties had their insurance in the old reliable Bourbon County company, the Hurst Home of Millersburg: Hume Clay estate, \$900; John L. Soper, \$750; Robert Oldson, \$500; and W. A. Thomason, \$300, besides many small losses and damages to roofs, etc. They are being promptly looked after and settled with. It pays to insure in a more reliable company. It gives you more protection for less money than any other company and keeps your money at home and in case of loss makes quick and honorable settlements.

GIVING OUT.**The Struggle Discourages Many Citizen of Paris.**

Around all day with an aching back; Can't rest at night; Enough to make any one "give out."

Doan's Kidney Pills will give renewed life. They will cure the backache; Strengthen the kidneys. Here is convincing proof that this is so:

R. L. Curtis, Chestnut street, Carlisle, Ky., says: "Whenever I hear anyone complaining of kidney trouble I advise the use of Doan's Kidney Pills, as I know this remedy to be one of great curative power. My occupation requires a great deal of stooping and I know that this was the cause of my kidney trouble. My back became so sore across my kidneys that at times I was quite unfit for work. The kidney secretions were also irregular in passage and caused me added annoyance. About two years ago I began using Doan's Kidney Pills and they soon brought me relief. Recently I again had occasion to use Doan's Kidney Pills and I received just as great benefit as before."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Granted a New Trial.

Dr. B. Clark Hyde, of Kansas City, who was convicted and sentenced to a life term in the penitentiary on July 5, 1910 for the murder of Col. Thomas H. Swope, the philanthropist formerly of Woodford county, was Tuesday granted a new trial by the Supreme Court of Missouri.

Gives Aid to Strikers.

Sometimes liver, kidneys and bowels seem to go on a strike and refuse to work right. Then you need those pleasant little strike-breakers—Dr. King's New Life Pills—to give them natural aid and gently compel action. Excellent health soon follows. Try them. 25c at Oberdorfer's.

Night Rider Trial Cost State \$4,694.

It cost the State of Kentucky more than \$4,000 and Christian county nearly \$600 to try only one of the charges of night riding against Dr. David A. Amoss, whom a jury recently pronounced not guilty. The attorney fees and other expenses incurred by both sides in the famous case aggregate additional thousands.

Circuit Clerk Radford has completed the listing of the costs and the total is \$4,694. Included in this amount is the bill for stenography, which is \$589. The witness fees in the case are \$734.60.

There are two other indictments against Dr. Amoss, and three indictments each against Dunning, Malone, Nichols, Robinson and Glass.

Old Solid Silver Relics.

Colonel and Mrs. John Cunningham have hanging on the walls of their colonial Resedale home near Escondido, Ky., a solid silver handle sword, which cost \$60 in gold in Philadelphia. It has a leather scabbard with three solid silver bands. It was once owned and used in "The Whisky Rebellion" in 1790 by Major Robert Cunningham, who commanded a battalion of 500 men in the Pennsylvania war. This handsome sword was presented to Col. John Cunningham by his grandmother, Mrs. Mary Robinson Cunningham, deceased, who resided in Virginia at that time, on the South branch of the Potomac. He removed to Kentucky in 1795 and settled on Strodes Creek, in Clark county, five miles from Winchester.

The Daughters of the American Revolution and the Colonial Dames of Kentucky were advertising for all solid silverware owned by Kentucky people before 1825. Col. and Mrs. John Cunningham have a Centennial silver cup at their home, a premium solid silver cup, which belonged to little John Estill Cunningham, a great-grandson of the noted Captain James Estill, of Kentucky fame, a handsome bright and interesting boy nine months old, who died at Villa Estille, Richmond, Ky., January 21, 1887. This cup was given to him by his grandmother, Mrs. Mary Bean Cunningham, deceased, wife of Senator John Cunningham, Sr., deceased, of Bourbon county, Kentucky. This trophy was owned by Mayor Robert Cunningham, deceased, his great-grandfather, and was taken by him as a premium on Patton's Old Bull at the fair at Hornback's Mill, on the Winchester pike, in Bourbon county, Kentucky, in 1810.

The Secret of Youth

Do you ever wonder how you can remain young, or why other women older than you, look younger than you do?

The secret can be put in a few words: "Preserve your health, and you will preserve your youth."

By "health" we mean not alone physical health, but nerve health, as, sometimes, magnificently strong-looking women are nervous wrecks.

But whether you are weak physically or nervously, you need a tonic, and the best tonic for you is Cardui.

It builds strength for the physical and nervous systems. It helps put flesh on your bones and vitality into your nerves.

Take CARDUI**The Woman's Tonic**

"My mother," writes Mrs. Z. L. Adcock, of Smithville, Tenn., "is 44 years old and is passing through the change of life."

"She was irregular and bloated and suffered terribly. My father stepped over to the store and got her a bottle of Cardui, which she took according to directions and now she is up, able to do her housework and says she feels like a new woman." Try Cardui in your own case.

CATARH!

Cured by the Marvel of the
Century, B. B. B.—Tested for
30 Years.

Hawking, spitting, foul breath, discharges of yellow matter permanently cured with pure botanical ingredients. To prove it we will send you a SAMPLE TREATMENT FREE. Catarrh is not only dangerous but it causes ulcerations, death and decay of bones, kills ambition, often causes loss of appetite, and reaches to general debility, idiocy and insanity. It needs attention at once. Cure it by taking Botanic Blood Balm (B. B. B.). It is a quick, radical, permanent cure because it rids the system of the poison germs that cause catarrh. At the same time Blood Balm (B. B. B.) purifies the blood, does away with every symptom of catarrh. B. B. B. sends a tingling flood of warm, rich, pure blood direct to the paralyzed nerves, and parts affected by catarrhal poison, giving warmth and strength just where it is needed, and in this way making a perfect, lasting cure of catarrh in all its forms. Druggists or by express, \$1 per large bottle, with directions for home cure. Samples sent free by writing Blood Balm Co., Atlanta, Ga. Describe your trouble and free medical advice given. A CONVINCING ARGUMENT

By ELIZABETH WEED

Copyright by American Press Association, 1911.

Walter Dixon was graduated with the highest honors and, having shown remarkable promise in a literary way, was sent abroad to study the literature of different countries, then given the chair of that department in his alma mater. But Walter was a delicate fellow, and his physicians told him that if he cared to remain on earth he would better find some occupation to take him out of doors. Walter took the hint and set himself up for an advertising broker.

One morning he stepped into the store of John Hobson & Co., Importers of foreign fruits, etc., presented his card to the senior member of the firm and asked for patronage.

"Young man," said Mr. Hobson, who was uneducated, "I'm agin advertising. There's so many advertisements that there isn't anybody reads 'em."

"If people didn't read them, Mr. Hobson, the periodicals and newspapers would have to close up."

"I say people don't read 'em, and that's all there is about it. I'm busy; get out of here."

"I see, Mr. Hobson, that I can't do any business with you without first proving to you the value of what I have to sell. I will give you an advertisement free for that purpose. Kindly mention the name of some article you have for sale."

"Oh, take our preserved ginger and let me alone. I've more important work on hand than staving off solicitors."

Several days later Mr. Hobson noticed that his mail was much larger than usual. The first letter he opened contained an advertisement cut from a newspaper of Hobson's prepared ginger. Mr. Hobson first read the letter inclosing it:

Dear Sir—I would call your attention to the fact that ginger does not grow on trees, especially in northern climates. It is a root and is indigenous to tropical countries. Yours respectfully,
MARIA L. WILBUR,
Principal of the High School.

Mr. Hobson glanced at the ad. with surprise and vexation. It read as follows:

Our ginger is grown especially for us in Norway, picked from the trees and cured on the spot. There ain't no ingredients in it that would hurt a baby. It's all carefully peeled and put to soak in vinegar, after which it's boiled in lemon juice and put into jars. In this way we get a flavor that there ain't no discount on.

Mr. Hobson colored and his eye fired. He opened another letter:

Dear Sir—I have read your ad. and beg leave to call your attention to the fact that there is no "peel" on ginger. Yours truly,
MARGARET ASHLEY,
Of the Blakely Cooking School.

Other letters were as follows:
That ad. of yours is a corker. I don't know anything about ginger, whether it is from a Norway or a South American tree; but, having a thorough knowledge of the English language, I should like to write your ads. for you.

In the inclosed advertisement you have used the word "grewed" incorrectly. It should be "grown."

This ad. is ridiculous. You might as well try to get walrus fat out of the Caribbean sea as to try for ginger in Norway.

Mr. Hobson had opened and thrown into the wastebasket a hundred letters from lawyers, doctors, housewives, merchants—indeed, all sorts of persons—and was about to get at his daily work when the postman came in and unloaded another bundle. And such was the case whenever a batch of mail was delivered. Mr. Hobson was obliged to open the letters lest he should throw into the wastebasket something of importance. The next day there were but two or three comments on the ad. and the day following none.

On the third day Dixon appeared. Mr. Hobson faced him and said:

"What do you mean by disgracing my business by putting in that ad. about my preserved ginger? Only an ignoramus would have said what you did."

"The question is not as to the writing of the ad. I don't pretend to know anything about ginger. I wished to prove to you that ads. are read."

"Young man, I'm convinced that people do read ads. But I'd like to know where you got your learning."

"I'm a college graduate."

"Well, all I've got to say is that they'd better burn down the college where you graduated. A college graduate as don't know any more than you about ginger and how to write common language had better put his head to soak."

"If you are convinced that advertisements are generally read and will give me an order you can write the next ad. yourself."

"You bet I'll write it myself. I don't want no more such wrong information and bad writin' about my goods. Set down there a few minutes and I'll talk to you."

Dixon "set" awhile, but it paid him. He left the store with a thousand dollar order for advertisements. And Hobson was convinced from the sudden dropping off of the letters he had received about the test ad. that advertisements must be repeated to be of value. The order was continuous.

The business thus gained proved the foundation for a large clientele that was very profitable to Dixon. Constantly out in the air he grew rugged and well to do at the same time. The ingenuity he displayed in getting Hobson & Co.'s business was developed in other directions, so that it was not long before he had all he could attend to. Finally having established his health he gave up his calling and resumed his chair at the university.

Stung.

Peter Piper had picked A Peck of Pickled Peppers. The bell rang. "A Peck of Pickled Peppers distanced at the post!" shouted the announcer through his megaphone. Peter Piper tore his hair. "Never again!" he cried, meaning that he meant to dally with the poules no more forever.—Puck.

The Difference.

Man gives from principle; woman from sympathy.—John Pulsford.

Its Equal Don't Exist.

No one has ever made a salve, ointment or balm to compare with Bucklen's Arnica Salve. It's the one perfect healer of cuts, corns, burns, bruises, sores, scalds, boils, ulcers, eczema, salt rheum. For sore eyes, cold sores, chapped hands or sprains its supreme. Unrivaled for Piles. Try it. Only 25c at Oberdorfer's.

And There You Are.

A New York man who was unable to sign his own name left a million. But if he had had an education he might have left a billion. And then again he might not.

Averts Awful Tragedy.

Timely advice given Mrs. C. Wiloughby, of Marengo, Wis., (R.No.1) prevented a dreadful Tragedy and saved two lives. Doctors had said her frightful cough was a "consumption" cough and could do little to help her. After many remedies failed, her aunt urged her to take Dr. King's New Discovery. "I have been using it for some time," she wrote, "and the awful cough has almost gone. It also saved my little boy when taken with a severe bronchial trouble." This matchless medicine has no equal for throat and lung troubles. Price 50c and \$1. Trial bottle free. Guaranteed by Oberdorfer.

Are Dead Ones.

Red letter days now become, to all intents and purposes, dead-letter days.—Lamb.

Do Ghosts Haunt Swamps?

No, never. It's foolish to fear a fancied evil, when there are real and deadly perils to guard against in swamps and marshes, bayous, and lowlands. These are the malaria germs that cause ague, chills and fever, weakness, aches in the bones and muscles and may induce deadly typhoid. But Electric Bitters destroys and casts out these vicious germs from the blood. "Three bottles drove all the malaria from my system," wrote Wm. Fretwell, of Lucrema, N. C., "and I've had fine health ever since." Use this safe, sure remedy only. 50c at Oberdorfer's.

The Hidden Reason.

There is always something that keeps some women from striking their stride.

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will certainly destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure, be sure you get the genuine. It is taken internally and made in Toledo, O., by F. J. Cheney & Co. Testimonials free.

Sold by druggists. 75c per bottle. Take Hall's Family Pills for constipation.

A 50-cent bottle of

Scott's Emulsion

given in half-teaspoon doses four times a day, mixed in its bottle, will last a year-old baby nearly a month, and four bottles over three months, and will make the baby strong and well and will lay the foundation for a healthy, robust boy or girl.

GOOD LIVER REMEDY FREE

When you suffer from any form of indigestion it is always well to take something for the liver, as usually the trouble lies there. If you are bilious, have a bloated feeling after eating, if you belch, if your skin is yellowish you may be sure it is liver trouble.

What you need is something to stir up the liver, to arouse the gastric juices so that they will aid in the digestion of your food. A very good remedy for this, and one highly recommended by those who have used it, is Dr. Caldwell's Syrup Pepsin, which you can obtain of any druggist at fifty cents or one dollar a bottle. But if you have any doubt about its merits, and would prefer to try it first, send your address to Dr. Caldwell and he will promptly send you a free sample bottle.

Thousands of people first learned

of this remarkable cure for stomach, liver and bowel troubles through a free sample. Mrs. Frank Lilly of Plainview, Ill., sent for one and it cured her and she is open in saying that she will never take pills or strong cathartics again, as Syrup Pepsin acts so mildly. Mr. W. L. Bryant, the Postmaster at Sardis, Tenn., says he will never be without it again. No sick person can afford to ignore a remedy so highly endorsed as this. It is good for all the family from infancy to old age, because it is mild, free from griping and yet promptly effective. Furthermore, results are absolutely guaranteed or money will be refunded.

For the free sample address Dr. W. B. Caldwell, 402 Caldwell building, Monticello, Ill.
